

Product information

Innoman WASH Handwash Soap

400 ml	REF 1021F
500 ml	REF 1021G
1000 ml	REF 1021I
2500 ml	REF 1021K

Characteristics

- Skin-friendly pH value based on the latest recipe
- The hands do not dry out even after frequent washing
- Cleaning and nourishing effect
- Highly-active cleaning concentrate with vitamins, paraben-free
- Easy to use thanks to the practical dispenser bottle

Product type

Handwash soap with hand-friendly pH value and skin care effect.

Areas of application

The handwash soap is used for the thorough and protective cleaning of skin and hands. The active substances are skin-friendly (dermatologically-tested) and also lipid-replenishing, so that even when washed frequently, the hands and skin do not dry out.

Application

Fill the handwash soap from the canister into a dispenser bottle.

Press the dispenser 2-3 times and dose the soap into moistened hands.

Chemical-physical data

Density: 1.02 g/ml
